## KV 7.2 Simulation

## Character Cards

- 1 We will now simulate a witchcraft trial. To do so each of you will get a character card on which you will find information about the function you will have in the trial. You can decide how to act or what to say as long as it is appropriate to your function and you do not exceed your authority.

Function: **Judge**

## Aims:

- To serve up justice
- To make sure the court is treated respectfully

## Further Information:

Salem is a Puritan community, and its inhabitants live in an extremely restrictive society. Secular authority and religious authority are inseparable, which means that people who question the government are accused of questioning God. The Puritans believe in witchcraft and its powers. Material and sexual desires are considered unnatural and evil, and are punished.
